

Malak Ayman

malokayman549@gmail.com | 01275587489 | [LinkedIn](#)

Summary

AI student with a strong interest in Data Science, Machine Learning, Software Engineering, and Full-Stack Development. Passionate about building intelligent, real-world systems using data-driven and AI-powered solutions.

Education

Menoufia University — Faculty of Artificial Intelligence 2025 – 2029
B.Sc. in Artificial Intelligence
GPA: 3.83 / 4.00

Menoufia STEM School 2022 – 2025
High school for the best-minded students in Egypt.
GPA: 3.8/4.0 (Unweighted).

Projects

AIOMED-KIT — Smart Medical Assistant

Portable healthcare kit with mobile app integration for emergency communication, patient data transmission, and AI chatbot consultation support.

[VIEW PROJECT](#)

StepOra — AI Physiotherapy Platform

Web platform connecting doctors and patients through live sessions with AI-based movement analysis using camera input for real-time posture correction.

[VIEW PROJECT](#)

BabyGuard — Smart Neonatal Monitoring System

IoT-based incubator monitoring system using ESP32, environmental sensors, Google Sheets, and Grafana for real-time monitoring and alerts. Improved anomaly detection accuracy and reduced response time by 30%.

[VIEW PROJECT](#)

EcoHub — Smart Sustainable Warehouse

Arduino-based system using PIR, MQ-2, and DHT-11 sensors for fire detection and environmental monitoring. Reduced indoor temperature by up to 3.9°C.

[VIEW PROJECT](#)

Experience

Capstone Mentor — STEM Education Program 2023 – 2024

- Mentored students in capstone projects, guiding system design and research development.
- Supported teams in technical problem-solving and presentation preparation.

Event Coordinator — Hult Prize, Menoufia University 2025 – 2026

- Led the organisation of the Hult Prize competition at Menoufia University, taking responsibility for event planning, logistics, and execution. Coordinated teams and organisers to ensure smooth delivery of all competition stages.

Sprints Boot Camp Jun 2023

- Completed the “Power Up Your Productivity with AI Tools” programme, gaining hands-on experience with AI tools for workflow optimisation.

GCI World 202 – Matsuo Iwasawa Laboratory, The University of Tokyo Apr 2026 – Present

- Participating in an AI and Data Science programme covering Python, statistics, linear algebra, and machine learning fundamentals.
- Developing analytical thinking and programming skills through structured coursework and applied exercises.

Certificates

- **Kode With Klossy Summer Program (2023)**
Completed an intensive web development program through 10 intensive sessions, and gained hands-on experience in HTML, CSS, and JavaScript [View My Certificate](#)
- **All Girls Code Advanced Track (2023)**
Completed an intensive bootcamp focused on web development fundamentals, building multiple projects using HTML and CSS, and developing a final personal website. [View My Certificate](#)
- **Tech4All HTML & CSS Bootcamp (2023)**
Completed an HTML and CSS bootcamp focused on building responsive websites through hands-on projects and developing a final personal website. [View My Certificate](#)
- **Python Programming Basics — ITI Mahara-Tech (2025)**
[View My Certificate](#)

Volunteering & Leadership

AI Entrepreneurship Club (AIEC) — Logistics Member

- Worked with a 21-member logistics team to organize events such as GDG and Dare To Achieve, developing teamwork and problem-solving skills through hands-on event management.

Resala STEM Youth Charity — Marketing Volunteer

- Helped create marketing plans and audience engagement strategies.

Resala STEM Youth Charity — Volunteer Member

- Aided my community by assisting in cleaning 10+ streets, feeding 700+ poor citizens, and organizing 30+ aid convoys throughout nearly 40+ working days.

Skills

Programming Skills

- Python
- C++
- Pandas
- NumPy
- HTML
- CSS

Soft Skills

- Problem Solving
- Communication Skills
- Leadership
- Adaptability
- Time Management
- Teamwork
- Continuous Learning
- Public Speaking & Presentation Skills
- Ability to Work Under Pressure
